CDI-PC Release Cadence and the Optional October Release

Soumen Kumar Chanda, Product Manager (On-Premises and Modernization)

Housekeeping Tips

- Today's session is scheduled for **1 hour** and will feature a presentation followed by a Q&A session at the end.
- To ensure a smooth presentation without interruptions, all participants will be muted.
- Please submit your questions to "All Panelists" using the **Q&A panel**. We look forward to answering them during the live Q&A.
- This session is **being recorded**. The recording and slide deck will be available on our [Success Portal](#), and a recorded link will be emailed to you after the event.
- We value your input! Please take a moment to complete the **post-webinar survey** to share your feedback and suggest future topics.

Safe Harbor

Disclaimer: The information being provided herein is for informational purposes only. The development, release and timing of any Informatica product, service or functionality described herein remain at the sole discretion of Informatica and should not be relied upon in making a purchasing decision. Statements made herein are based on information currently available, which is subject to change. Such statements should not be relied upon as a representation, warranty or commitment to deliver specific products, services or functionality in the future.

Forward-looking statements

This presentation contains forward-looking statements about, among other things, trend analyses and statements regarding future events, anticipated growth and industry prospects, and our strategies, expectation or plans regarding product releases and enhancements. The achievement or success of the matters covered by such forward-looking statements involves risks, uncertainties and assumptions. If any such risks or uncertainties materialize or if any of the assumptions prove incorrect, results or outcomes could differ materially from those expressed or implied by these forward-looking statements. The risks and uncertainties referred to above include those factors discussed in Salesforce's reports filed from time to time with the Securities and Exchange Commission, including, but not limited to our ability to consummate the pending acquisition of Informatica on a timely basis or at all; our ability to meet the expectations of our customers; uncertainties regarding AI technologies and their integration into our product offerings; the effect of evolving domestic and foreign government regulations; regulatory developments and regulatory investigations involving us or affecting our industry; our ability to successfully introduce new services and product features, including related to AI and Agentforce; our ability to execute our business plans; the pace of change and innovation and our ability to compete in the markets in which we participate; and our ability to maintain and enhance our brands.

CDI-PC Release Cadence and the Optional October Release

Soumen Kumar Chanda, Product Manager (On-Premises and Modernization)

Agenda

1 CDI-PC Yearly Release Cadence

2 CDI-PC Update Options

3 QA

CDI-PC Release and Update Schedule

Disclaimer: Informatica may, at its discretion, modify the scope of, change the schedule for, or cancel an update, if required.

CDI-PC Updates

Mandatory Update

Frequency: April.

Includes: Features, security fixes, bug fixes, and PAM updates for cloud and on-premises components.

Domain update: Required.

Grace period: A 90-day period from the availability of the update. The mandatory update must be applied within the 90-day period from the availability of the update.

Due date: The last day of the grace period.

Post grace period: All domains that are not updated are marked as obsolete.

Optional Update

Frequency: October or as needed.

Includes: Cloud and/or on-premises security and bug fixes, and PAM updates.

Domain update: Required when October update is applied.

Grace period: Does not apply.

Due date: Does not apply.

EBF or Patch Update

Frequency: As needed.

Includes: CDI-PC standard EBFs (mandatory or optional) and cumulative critical production EBFs on the existing supported update.

Domain update: Not required.

Grace period: Does not apply.

Due date: Does not apply.
