# Cloud Runtime Deployment Simplified with New Installation Wizard

- Dilip Poluru, Director - Product Management, R&D
- Rameez Ghous, Senior Product Marketing Manager, PMO

Where data & AI come to 

# Housekeeping Tips

- Today's Webinar is scheduled for **1 hour**
- The session will include a webcast and then your questions will be answered live at the end of the presentation
- All dial-in participants will be muted to enable the speakers to present without interruption
- Questions can be submitted to "All Panelists" via the **Q&A option** and we will respond at the end of the presentation
- The webinar is **being recorded** and will be available on our [Success Portal](#) - where you can download the **slide deck** for the presentation. The link to the recording will be emailed as well.
- Please take time to complete the **post-webinar survey** and provide your feedback and suggestions for upcoming topics.

# IDMC Needs Secure Agents

# Let Us Talk About Secure Agents

A lightweight program to run IDMC tasks - One Platform, multiple engines

Runs IDMC tasks and communicates securely between firewalls of a company and IDMC

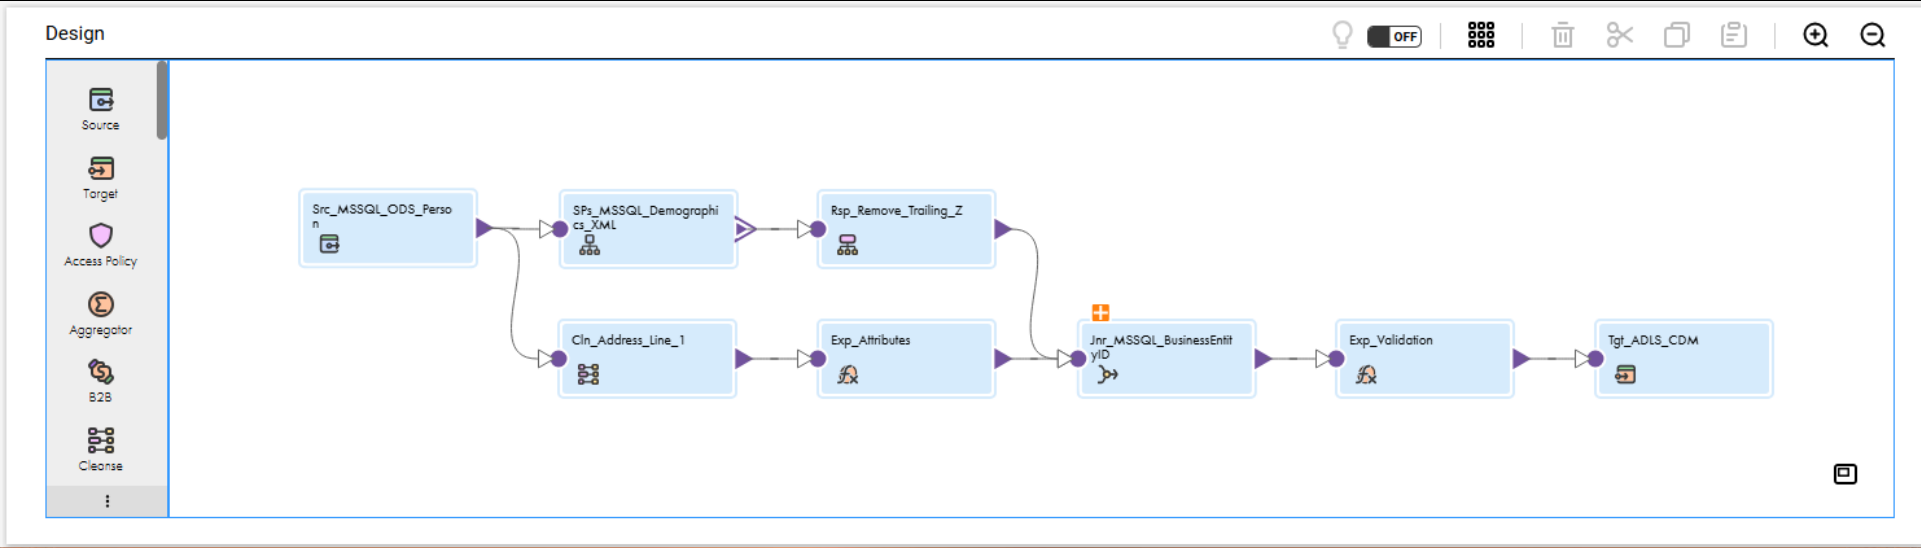

Uses pluggable microservices to process data (scan, ingest, transform, automate)

Deployed on a physical or virtual machine on your cloud

# Low Code Designers for Integration & Governance Patterns

Cloud Data Warehouse & Lakes

# Managing Secure Agents - Challenges

What you need to know if you manage Secure Agents

Steep Learning Curve

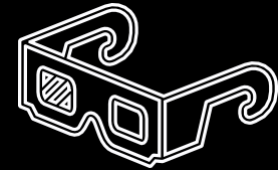

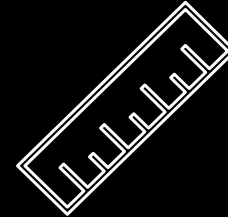

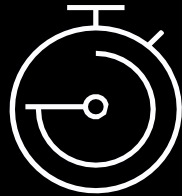

Context Switching

Time-Consuming

# Informatica Cloud Runtime Offered

Provides Flexibility in Data Processing, Simplifies Elasticity & Optimizes Costs

## Classic Secure Agent

- Customer manages & scales infrastructure
- Data processing in customer's VPC

## Simplified Agent Installer

- Informatica manages infrastructure
- Data processing in customer's VPC
- Customer manages scalability of infrastructure.

## Elastic Runtime

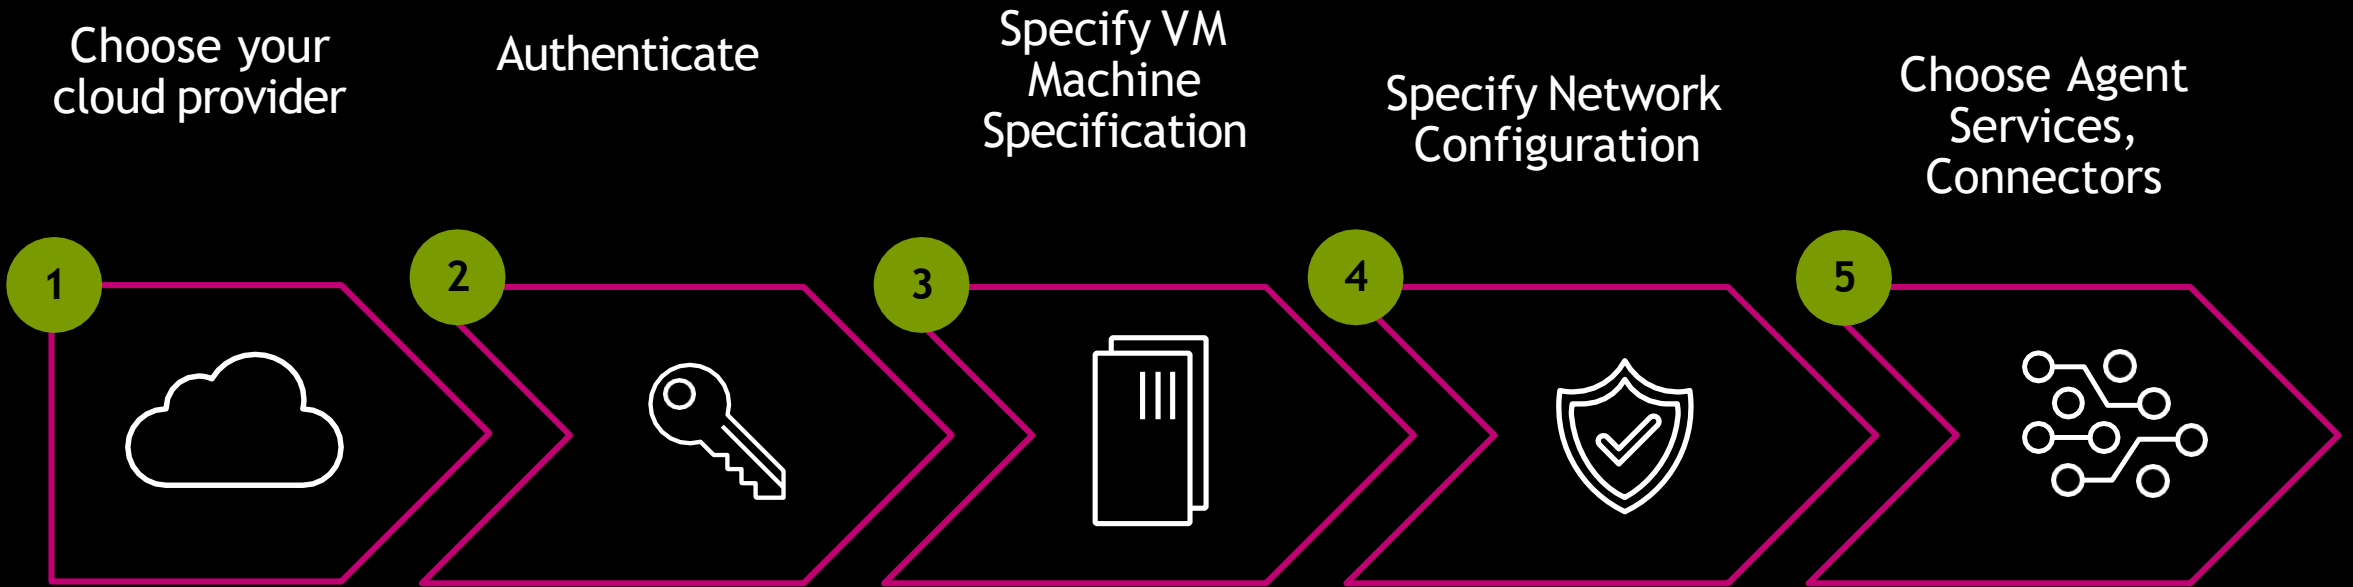

- Informatica manages & scales infrastructure
- Data processing in customer's VPC

## Adv. Serverless

- Informatica manages & scales infrastructure.
- Data processing on Informatica's secure infrastructure
